

Dear Northland Vietnam Veterans Association,

I am honored to be one of the recipients for the Northland Vietnam Veterans Memorial Scholarship. Thank you for providing the incredible opportunity for me to interview my father concerning his experiences in Vietnam. Hearing the history of the war from my father's perspective enlightened my understanding of the sacrifices Vietnam War veterans made. I am inspired to continue learning about this event in history and how it impacts our lives today.

I am very grateful for receiving this scholarship award. It will certainly help with college expenses, as I will be pursuing higher education at either UMD or Bethel University this coming fall.

Thank you for serving our country. God bless you!

Sincerely,

Joy Rasmussen
